File No 458 of 1910-11

Serial No	
No 4731 S/11	5 The objection to the conference appears to be the existing refusal of the recognised application of the School rule among institutions situated in the Madras Presidency and the adjoining Native States, in practice they are observed as a rule, but there is no understanding on the matter between the respective Governments. 6 Now that there is some difference of opinion in respect of the adoption of the School Final Course and that there is the likelihood of the question of admission into Colleges assuming importance because of the competing claims of the matriculates and School Final candidates it would seem very desirable that some understanding exists in these matters. The reasons as the reference is to be an informal in the first instance. The Conference may, therefore, be agreed to. 31st May 1911 S Krishnaswami Aiyangar

NOTE—C t sh t

CPB—50 000—12 10

Letter No 864-4 dated the 11th May 1911 from the Ag Secretary to the Government of Madras Educational Department to the Hon'ble the President in Mysore

It has been suggested to the Government of Madras that the Directors of Public Instruction of Hyderabad Mysore Travancore and Cochin might with advantage meet in conference under the presidency of the Director of Public Instruction Madras in order to discuss questions affecting the relations of those states in educational matters to the Madras Presidency The following are some of the chief subjects which are likely to come up for discussion at the conference -

(1) The application of inter-school rules between a school in a native State and a school in this Presidency

(2) The enforcement in the case of pupils from Native States joining schools in the Madras Presidency of the rules which regulate the transfer of pupils from one school to another in those states

(3) The exclusion from schools in one territory of pupils expelled from schools in another territory

The business of the conference would take the shape of an informal discussion and an interchange of views regarding the points referred to and any other matters which may be brought up and which are not inconsistent with the educational policy pursued in this Presidency

2 The Government of Madras see no objection to the -- suggestion and propose to give effect to it if the Durbars concerned agree I am accordingly to request that you will be good enough to ascertain and inform the Governor in Council whether the Government of His Highness the Maharaja of Mysore consent to the holding of a conference in the manner and for the purposes above indicated If the Government of His Highness the Maharaja of Mysore accept the proposal the Governor in Council will instruct the Director of Public Instruction Madras to arrange for the holding of a conference at a suitable time and place in direct communication with their Director of Public Instruction
